THE POSTAL CASES

Seven indictments Returned by the Federal Grand Jury Involving Six People.

ARRESTS MAY OCCUR WEDNESDAY

The Officials Refuse to Discuss the Names or Details of the Indictments at Present.

Voluminous Evidence Was Laid Before the Grand Jury as the Result of the Inquiry Which Commenced Last March.

Washington, Sept. 9.—After deliberating for several weeks over a mass of documents submitted by the post office inspectors the federal grand jury in this city Tuesday returned seven indictments in postal cases, involving six different persons. All the indictments were kept off the public record and both the officials of the district attorney's office and of the post office department refused to discuss names or details of the indictments until the parties indicted are arrested. The identity of the indicted individuals thus far was left a matter of conjecture. It is expected that arrests will occur Wednesday and that the post office department will have some announcement to make during the forenoon. The grand jury's action probably marks the beginning of the end of the investigations that has been in progress since the middle of last March. Voluminous evidence has been laid before the grand jury as the result of the inquiry and while the present report of the jury disposes of most of the cases, there yet remains several cases to be passed upon. When the latter are disposed of, according to Postmaster General Payne, the investigation so far as the work at Washington is concerned, will be at an end for all practical purposes. Several of the persons indicted Tuesday live outside of Washington. They will be arrested as soon as bench warrants can be served.

Leopold Stern, the Baltimore contractor, who disappeared from Baltimore before he could be arrested on an indictment returned July 31 last, was located at Toronto and the long delayed surrender of George W. Beavers, the former head of the salary and allowance division, to the New York authorities, took place. The postal officials have been searching for Stern ever since he disappeared and finally received word from the Canadian authorities that he is in Toronto. They expressed considerable vexation at the premature publication of his whereabouts on account of the problem of extradition that now confronts the government, and the possibility of his making good his escape, now that the information has become public in advance of the readiness of the authorities to effect his arrest. Beavers' arrest created no surprise, for the government all along has kept advised of his whereabouts despite reports to the contrary.

Toronto, Ont., Sept. 9.—Mr. Stern declined to be seen when a reporter called at his home Tuesday. He referred all callers to his attorney. Mr. Stern's lawyer said that his client was ready to appear before an extradition judge and prove his innocence, which is interpreted as a declaration that extradition proceedings will be fought to the end. He will not leave the city, the attorney said, and if an extradition warrant is secured, Mr. Stern will at once leave for Washington.

M'KINLEY MONUMENT.

President Invited to Attend the Unveiling on Antietam Battlefield.

Oyster Bay, N. Y., Sept. 9.—Maj. Joseph D. Cunningham, of Harrison county, Ohio, called on the president Tuesday to invite him to attend on October 13 the unveiling of a monument erected to the memory of the late President McKinley on the battlefield of Antietam. The monument is located on the spot where Maj. McKinley stopped to eat his supper on the night following the great battle.

President Roosevelt was unable Tuesday to give a definite answer to the invitation, but promised Maj. Cunningham to let him know within a few days.

ATTORNEY GENERAL'S RULING.

It is a Big Saving For the Illinois Central Railroad.

Frankfort, Ky., Sept. 9.—Attorney General Pratt gave out a written opinion Tuesday which has been followed by the state board of valuation in fixing the franchise tax of the Illinois Central railroad.

The latter road operates under a long lease the Chicago, St. Louis & New Orleans road in Kentucky and claimed that in fixing the franchise value the amount of tangible property of the leased road should be deducted from the total franchise value of the Illinois Central in Kentucky.

The board of valuation was in doubt about it and referred the question to Gen. Pratt, who decides the amount ought to be deducted. This saves the Illinois Central several thousand dollars.

SUING FOR SALARIES.

City Officials of Georgetown Want Their Back Pay.

Georgetown, Ky., Sept. 9.—A. W. Bradley, city treasurer; L. L. Bristow, police judge; Otis Ashurst, chief of police; J. C. Lemon, city clerk, and Walter Glass, assessor, have filed suit against Georgetown for 16 months' salary each. As a result of the November (1901) election the municipal offices were contested. The election commissioners decided the democratic officers were elected, and they took the offices January 1, 1902, and held them until the latter part of April, 1903, when the court of appeals decided the republicans were entitled to the offices. At that time the republicans took possession and now sue for all salary paid to the democrats.

WOULD FINE JUROR KING.

Affidavit Filed Accusing Him of "Electioneering" With the Jury.

Cynthiana, Ky., Sept. 9.—At the opening of the Harrison circuit court Tuesday morning County Attorney J. Stanley Webster filed an affidavit asking that Jasper King be required to show cause why he should not be fined for contempt, in violating the instructions of the court in electioneering with other jurors in the Jett trial last month.

The order was made returnable Friday, and King said later he would be ready to answer.

OUR WAR VESSELS

The Turks Reported to Be Much Disturbed by Their Presence at Beirut.

DEVELOPMENTS IN MACEDONIA.

In the Vilayet of Monastir the Insurgents Threaten to Resort to Reprisals on the Turks.

Russian Foreign Minister Declares the Bulgarian Bands Are Guilty of Greater Tyranny and Devastation Than the Turks.

London, Sept. 9.—Everything seems to point to new and terrible developments in Macedonia. On top of the appalling accounts of the results of the Turkish methods of "restoring order" in the vilayet of Monastir comes the threat by the insurgents to resort to reprisals on the same scale. The port's anxiety to suppress news by expelling newspaper correspondents from the area of the operations is held to have but one meaning. Wednesday morning's papers comment upon the significance of the news that Russia and Austria are seeking to persuade the powers to coerce Bulgaria as showing a belief that war is inevitable.

A dispatch to the Standard from Constantinople dated Sunday says: "The Turks are much disturbed by the presence of the American warships at Beirut and are making every effort to have them recalled. In spite of all assertions that the United States only intends to be there for the simple protection of the rights of her citizens, it is quite possible that the dispatch of the warship may initiate action leading much further."

The Sofia correspondent of the Morning Leader says by the end of the week the insurgents will have received a large accession of weapons. Thirty thousand rifles are being smuggled in to them from all sides, and when these have been received the real fighting will begin.

A Monastir dispatch to the Daily Mail dated September 6 says the great military drive in the mountains to the southwest of Monastir towards Lake Prespa by a force of 3,000 Turkish infantry with 12 guns resulted in the escape of all the revolutionary bands. Though the latter were practically surrounded, not one was captured.

The Sofia correspondent of the Times says the insurgents have laid up large stores of provisions in the mountains and even contemplates a winter campaign. The suffering of the women and children thereby entailed would be appalling but the insurgent leaders believe that the ill-clad Turkish troops will suffer more than themselves owing to their inability to obtain supplies in a devastated country with interrupted communications.

The Athens correspondent of the Times hears that Count Lamsdorff, the Russian minister, has declared his opinion that the Bulgarian bands are guilty of greater tyranny and devastation than the Turkish troops, and that it would be necessary to warn the Bulgarians that they will not succeed in involving Russia in an armed intervention against the Turks, and further, that Russia will not permit a change in the status quo by the creation of an autonomous Macedonia or the appointment of a Christian governor.

UNITED IRISH LEAGUE.

A Resolution Adopted Welcoming the Irish Land Bill.

Dublin, Sept. 9.—The national directory of the United Irish league held a meeting at Dublin Tuesday under the presidency of William Redmond, M. P. A resolution was adopted welcoming the Irish land bill as the most substantial victory gained by the Irish people for centuries, and ascribing this result to loyalty of Chief Irish Secretary Wyndham, the high public spirit of the liberal party and the good will of the landlords. Other resolutions urged the tenants to negotiate the purchase of their holdings in a spirit of friendliness.

FOR FAR EASTERN SERVICE.

The French Government Has Requisitioned Several Steamers.

Paris, Sept. 9.—A dispatch from Marseilles to La Presse asserts that the government has requisitioned all the steamers on the far eastern service of Messageries Maritimes and Chargeurs Reunis companies for the conveyance of a large number of troops of all arms and a quantity of supplies. The dispatch adds that this step confirms the report that a critical situation prevails in China.

London, Ky., Sept. 9.—Congressman Vincent Borling, who is ill of pneumonia, is slightly better.

NEW CANAL TREATY.

The Stipulations in the Bill Now Before the Colombian Senate.

Bogota, Saturday, Sept. 5.—The bill which congress is now discussing authorizing President Marroquin to negotiate a new Panama canal treaty with the United States contains the following stipulations.

The perpetual use of the canal zone is granted provided that at the expiration of each hundred years the United States shall pay during the succeeding hundred years 25 per cent. more premium and rental than for the preceding term, the premium beginning at \$400,000 and the rental at \$400. The mixed tribunals in the canal zone shall try suits between foreigners or between Colombians and foreigners. The police and sanitary measures shall be practically in charge of the United States.

Twenty million dollars is fixed as the price of the concession besides the rental (sum?) of \$10,000,000 payable by the canal company in consideration of Colombia's approval of the transfer of shares.

The railroad shall in 64 years revert to Colombia, but the United States may buy it under a valuation.

A term shall be fixed within which the canal must be begun, and finished.

The contract shall provide for a means to settle differences which may arise between the governments during the construction and execution of the contract.

KILLING OF COCKRILL.

Curtis Jett Will Be Placed on Trial Next Monday.

Cynthiana, Ky., Sept. 9.—When the case against Curtis Jett for the murder of Town Marshal Jim Cockrill, of Jackson, was called here Tuesday, the commonwealth answered ready, but asked a continuance of a day. None of the outside attorneys for the defense had arrived.

When Jett was brought in Attorney Blanton, for the defense, filed a demurrer, asking that the indictment be quashed. Commonwealth's Attorney Byrd objected to the demurrer, and asked that the case be tried at this term of court.

Judge Osborn overruled the special demurrer, and Attorney Blanton then filed affidavits supporting his motion to have the indictment quashed on the ground that this court had no jurisdiction to try the case, as the defendant had been tried and convicted at a special term of the court.

Judge Osborn did not think the grounds in the affidavit were sufficient for a postponement, and said the case would have to be tried at this term. He set it for next Monday, and ordered a special venire of jurors from Robertson, Nicholas and Pendleton counties.

MASTER BUILDERS' EXCHANGE.

A Systematic Warfare on Sympathetic Strikes to Be Made.

Philadelphia, Sept. 9.—The advisory board of the Master Builders' Exchange Tuesday fixed January 1, 1904, as the date on which systematic warfare by means of lockouts against sympathetic strikes will begin. The builders' exchange represents practically all the builders and sub-contractors in the city. No workman will be employed after January 1, 1904, unless he is willing to agree not to engage in any sympathetic strike and to arbitrate any difference that may arise, work to continue meanwhile.

Charlotte, N. C., Sept. 9.—The Appalachian National Park association, the organization which is pushing the plan to have the government establish a forest reserve in the Southern Appalachian mountains, met in Asheville Tuesday and re-elected Rutherford B. Hayes president. The name of the organization was changed to the Appalachian Forest Reserve association.

WOMAN'S BODY FOUND.

She Jumped Into the River, Carrying Her Babe With Her.

Pittsburg, Pa., Sept. 9.—The mystery surrounding the finding of the body of 5-year-old Viola Cordes in the Allegheny river last Sunday evening was partially cleared Tuesday evening by the finding of the body of the child's mother floating in the same stream. From all accounts it is believed that Mrs. Cordes, who was 24 years old, jumped into the river, carrying her child with her.

Washington, Sept. 9.—The recent arrival of another heir in the Peary household will prevent Mrs. Peary from accompanying her husband on the polar expedition, which he has planned to make next year.

NATIONAL TROPHY.

New Jersey Was in the Lead in the First Day's Shooting Match.

MASSACHUSETTS NEXT HIGHEST.

The Best Work of Tuesday Was That of Private Wilson of the Georgia Team.

Mr. Smith and Lieut. Benedict, Both of Ohio, Succeeded in Scoring 49 Out of a Possible 50 at 500 Yards.

Sea Girt, N. J., Sept. 9.—New Jersey took the lead at the very beginning of the national trophy match Tuesday morning and remained at the head of the list of competitors Tuesday evening upon the conclusion of the first day's shooting in the great military team rifle contest.

The firing Tuesday was at 200, 500 and 600 yards, constituting the first half of the match. The firing Wednesday will be at 800, 900 and 1,000 yard ranges.

The New Jersey team scored a total of 1,564 out of a possible 1,800, being 11 points in advance of Massachusetts, the next highest competitor, 19 points ahead of New York, and 30 points ahead of the District of Columbia.

The following are the scores for the day: New Jersey, 1,564; Massachusetts, 1,563; New York, 1,545; District of Columbia, 1,534; Ohio, 1,518; Pennsylvania, 1,511; United States marine corps, 1,485; United States army infantry team, 1,473; Connecticut, 1,443; Rhode Island, 1,440; Georgia, 1,439; United States navy, 1,423; United States army cavalry team, 1,372; Vermont, 1,286; Michigan, 1,179.

The weather was changeable throughout the day. Throughout the firing at the 200 yard stage a drizzling rain fell. During the firing at 500 yards the rain held off, but there was a slight rain while the firing at 600 yards was on.

By far the best work of Tuesday was that of Private Wilson, of the Georgia team. He was the last man to shoot and in almost total darkness succeeded in attaining a total of 42 out of a possible 50 at 800 yards. Dardinkeller, of New York, and Mr. Smith and Lieut. Benedict, of Ohio, each succeeded in scoring 49 out of a possible 50 at 500 yards. The cavalry team of the army is using the service carbine and therefore under the rules received an allowance of 12 points at 600 yards. The teams' actual score was 412, but the allowance raised it to 424.

AT WORLD'S FAIR GROUNDS.

A General Strike Among the Union Carpenters Threatened.

St. Louis, Sept. 9.—For an hour Tuesday a general strike among union artisans at the World's fair grounds was threatened as a result of differences between carpenters and the Neyers Construction Co., which is building the intramural railway. Two thousand carpenters quit work because of the employment by the contractors of several men at lower than the union scale. A truce was reached when the contractors suspended the men who were objected to.

George Newman, representing the carpenters, says a general strike will be called if the contractors do not finally grant the demands. He declares that the allied unions are in sympathy.

Democratic Mass Meeting

Notice is hereby given that a mass meeting of the Democrats of Mason County will be held at the court house, Maysville, Ky., Monday, Sept. 28th, 1933, at 1:30 p. m. to select delegates to a district convention to be held at Vanceburg Wednesday, Sept. 30th, at 11 a. m. to nominate a candidate for State Senator.

J. R. ROBERSON,
 Chairman Executive Committee.
 Gordon Sulser, Secretary.

The editor of the Ledger is a member of the party that deliberately stole the Presidency of the United States and he has never yet uttered a word against this monumental theft of the age. As he sanctioned and approved that by his silence, he is not in a very good position to discuss alleged thefts by other parties.

THE STATE CAMPAIGN.

The Democratic State campaign opened under circumstances indicating a rousing victory in November. The party is more completely united than for years. Governor Beckham's able administration of public affairs is among the very strongest arguments in his behalf, and the prediction is made that he will win by an old-time majority. The people of Kentucky do not want another such disgraceful state of affairs as that brought about by the Taylor-Powers-Finley crowd, and they will see that the political gang now in charge of the g. o. p. do not get their clutches on the State government.

The formal opening of the campaign at Winchester last Saturday was attended by a crowd estimated at 8,000 or 10,000. It was not only a large crowd, but it was enthusiastic, evidencing the determination of the rank and file to rally almost as one man to the support of the ticket in November. This gathering of the clans was followed by another rousing meeting at Harrodsburg Monday, where Gov. Beckham and Congressman Ollie James spoke to a crowd of about 5,000 people. The party leaders say the Democrats are better united in the Eighth Congressional district than for many years. In Mercer County especially there is no disaffection, and the Democratic voters are solid in their support of the State ticket. The campaign was also opened Monday at Carrollton, Richmond, Prestonsburg, New Castle, Hopkinsville, Stanton and Benton, where good crowds heard Democratic speakers.

Mrs. J. J. Dickey, of Washington, delivered an address at Friday's session of South Methodist conference at Cynthia.

Last Sunday marked the beginning of the pastorate of the Rev. W. G. McCready, D. D., at the Church of the Nativity. Two large and representative congregations entered into and listened attentively to the services and sermons. Dr. McCready is simply a willing and anxious worker in the Master's vineyard. He is first and foremost, genial, kindly, sympathetic and earnest,—full of the spirit, consecrated and eloquent,—thus practically demonstrating by his work the Christian faith he represents. He not alone builds up his parish and adds numerical strength and zealous Christians to his charge, but he touches every life with which he comes in contact. He is a fine speaker; his sermons and talks being short and extemporaneously given are delightful, instructive and comforting. Being in the prime of his ministry, he will certainly lay a broader and deeper foundation for this parish and his able efforts are sure to give an impetus to the work of the Lord in our city which will tell now and upon future generations.

Dr. A. C. Cook was out riding in his automobile near Georgetown when he met D. P. Ewing, Treasurer of Scott County, accompanied by his wife and a friend. Ewing's horse frightened and backed over an embankment, demolishing the buggy and injuring Mrs. Ewing and a Miss Moore.

Mr. Clarence L. Stanton, of Cincinnati, was here Monday to see his son Pierce, who was injured Saturday, notice of which appeared in Monday's paper. Mr. Stanton was for many years editor of the BULLETIN and has a host of friends here who are always pleased to see him. His son is still improving nicely.

A telegram to Mrs. Emile Martin Tuesday announced the dangerous illness of her son, Mr. George H. Martin, at his home in St. Louis. He has been in failing health some time. LAI'D TO REST.

Remains of the Late Mrs. Lillie Cox Buried at Columbus, Ind.—Tribute to Deceased.

Mention was made some days ago of the death of Mrs. Lillie Tarleton Cox at her home in Columbus, Ind. The remains were interred in Garland-Brook cemetery, that city. The Columbus Herald pays this tribute to Mrs. Cox: "The funeral and interment were attended by a large concourse of sorrowing and deeply grieved friends, whose sincere tears were mingled with the dust that was to imprison all that was mortal of the beloved, whose pure soul had left its earthly abode and ascended to its eternal home on high.

"The deceased leaves a husband and two children, Lonnie and Charlotte. She was a devout member of the Methodist church, devoted to her religion and ever ready to work faithfully in the vineyard of Him whom she at all times loved and revered. She was loved by all who knew her and possessed all those estimable elements of character which go to make a model wife and mother. During her long illness no word of complaint escaped her pure and unfeigned lips. She bore her infirmities of the flesh with that patience and fortitude born only of perfect faith and a courageous Christian spirit. She will be greatly missed in the social, religious, and literary circles of Columbus and the family has sustained an irreparable loss for which they have the tender sympathies of the entire city."

SHOT BY BURGLAR.

Col. Mordecai Williams Has an Exciting Chase After Thief and Was Wounded, But Not Seriously.

Col. Mordecai Williams, who resides at Normal, a suburb of Ashland, was awakened by the opening of his bedroom door at 4 o'clock Tuesday morning and saw a man with a revolver pointed at him.

The Colonel sprang out of bed, seized a saber and dashed after the burglar, slashing at him as he went down stairs. The man turned and fired, but missed Williams. The Colonel still pursued him, and, at the foot of the stairs, the burglar turned and fired again, the bullet striking Williams just over the heart, following a rib and coming out under the shoulder blade. The burglar escaped and bloodhounds were later placed on his track.

Col. Williams was resting easy at last accounts, and was not thought to be seriously wounded. He is a prominent Democratic politician, and was the nominee for Congress a few years ago.

Come within next few days. Goods must be sold off quickly.

D. Hechinger & Co.

With the advent of cooler weather you naturally begin to think about a fall suit, also a garment that is almost indispensable in our climate, viz: a Gravenette or medium-weight Overcoat. The youngsters starting to school will want a new suit. We are better than ever prepared to meet your wants. Useless to speak of qualities, the "best" is the only kind you buy of us. After quality, the next thing you are interested in is the price. Quoting prices in the papers affords little satisfaction to the intelligent buyer. You want to see the goods, "then the price."

Our Stock of Clothing For Men, Boys and Children.....

is so enormous that you would do yourself injustice did you not look us over before you buy your fall clothing. Our Hanan and Douglas fall and winter stock is ready for your inspection. It is doubtless the greatest line of shoes ever shown in Maysville.

By the way the bell will soon ring on straw hats. Our entire line of Stetson Hats are in. Many of them exclusive styles confined to us. Take a glance at them.

To keep our tailors employed until the busy season begins we will make a limited number of Custom Suits during this month for \$25 cash. Not a suit worth less than \$35, and a number of them worth \$40. See the patterns in our east window, and you know how we make them.
